of the team, as they had depended on formell to hold down center field. Cornell is a junior and is one of the hardest hitters that ever played on Stuart Field. He will be given a chance to redeem himself in a month and may be able to play the last few weeks of the season. Gaetji has been shifted from right field to center, and 'Jake" Ritter takes the former place. The first baseball game of the Fraternity League series will be played on Stuart Field Monday between the teams of Sigma Nu

and Phi Delta Theta. The freshman baseball team, which this year is one of the strongest in the history of the university, met yesterday and elected as captain Paul Weller, third baseman and one of the most reliable players. The junfors yesterday elected as their captain Gurth G. Fry. The various class teams will meet soon to decide the championship. The Purdue second baseball team and the Shortridge High School nine, of Indianapolis, will meet here Saturday, while the first team is playing De Pauw at Greencastle.

## LIVELY GAME BY PURDUE

COLLEGIANS PLAYED FAST BALL, MAKING GREAT CATCHES.

After the First Inning the Contest Was Interesting-Kuhns Makes Good in Left-I. U. To-Day.

Abraham Cohen, short stop of the Purdue baseball team, was the first batter to face Pitcher Davis in the game with Indianapolis yesterday afternoon. Following a peculiar characteristic he drew three balls before he took a good smash at the sphere and sent it to center for a base. His efforts did not avail anything in that inning, but in a subsequent inning he made the hit that scored the first rup credited to the college team and made the circuit with the other tally. There were not enough Cohens in the game for Purdue to make the contest really interesting and Indianapolis won by a score of 12 to 2. Eliminating the first inning, in which Indianapolis piled up seven runs, the contest was not such a bad one, as the college players got over their stage fright and played a good article of ball.

The players from the Lafayette school made it interesting after the first inning. mixing sensational plays with two or three ragged errors. Ritter made a one-hand catch in right after running about fifty | 32 yards after Babb's fly that caused George Hogriever to look askance at "Watty." Hogriever said he could not take such an aerial flight with such success, and wondered if his manager was going to dicker with the college chap. McKee did lively turns at second and made some stops that caused Fox to quiver with envy, but Fox coached the Purdue team last year, and he takes unto himself much of the credit. Gaetze made a quintet of good catches in center after starting the game with a bad muff. Hardie did well in left. Ruby was one of the jewels of the Purdue team after the first inning and he pitched good ball rounds of good fighting. Ryan seemed to for his team. The Purdue team showed be far superior as to taking punishment | that it will give the other Indiana college teams a hard fight for college honors this

Interest in the Indianapolis team centered in Kuhns, the new outfielder, who was tried for the first time yesterday. He is a most promising player, clean-cut and nervy. He is fast in the field, and, above all, is a hitter, if his previous record and the showing he made in yesterday's contest can be duplicated. The first time up yesterday he dispatched the ball to deep right center for a three-bagger. He also made a single and double. He covered the left garden with perfect satisfaction. Davis was also much in evidence with the

stick and scored three hits, one a double. His pitching was also good. The rest of the players put up their usual fast game, O'Brien again doing wonders with the wil-

Indianapolis started the game with seven runs in the first inning. After Fox went out Hogriever, O'Brien, Kihm and Coulter singled and Kuhns hit for three bases. Babb took up the hitting again with a single and Collins made a poor throw on Woodruff's chance. Davis singled and Gaetze dropped Fox's fly. Hogriever's single, O'Brien's triple and an out scored two in the fourth. Cohen's error, Davis's double and Fox's out scored the one in the fifth. Two were made in the seventh on Kuhns's double, a single by Babb and Fox's

Purdue scored a brace of tallies in the fifth. After Collins was retired Cook hit for a base and reached second on Woodruff's error. Cohen singled and scored on Ruby's hit and an out.

George Grosart, a member of the Toledo American Association team, died in Homestead, Pa., after a short illness. He was an outfielder and a very promising player. Consumption of the stomach was the cause of the death.

De Pauw comes Monday. This will be the last exhibition game. The Milwaukee California, before the Centennial Club. The | team will arrive next Tuesday evening, and the American Association championship season will be inaugurated in Indianapolis with a game with the Brewers. Manager Watkins is planning an auspicious opening. John T. Brush returned yesterday from Cincinnati, where he witnessed the opening game. While the Reds lost, he is much encouraged and believes the team will round into good form. He remarked that the attendance especially in New York, does not look as if the National League will take a back seat. Mr. Brush, in speaking of the American Association, said Indianapoils will be represented this year in the fastest organization it has ever been the pleasure of this city to be connected with. Mr. Brush is planning a grand opening of the Palace of Fans for May 16, when New York plays in Cincinnati.

The plans outlined include a structure of steel and concrete exceeding in size the great Flavian amphitheater of Rome and having a seating capacity ten times that of the Madison-square Garden, New York. After a greeting to the banqueters by President Homer J. ume a large portion of September and October, and the efforts will be principally directed along six general lines. "First-World's champion contests will be organized in standard sports, including field and track athletics, equestrianism, yachting, rowing, billiards, turning and all other games international in character. "Second-Exhibitions will be given of the sports peculiar to various countries of the world. Under this head properly will fall baseball, Japanese wrestling, French savate, or boxing with the feet, German schlaeger contests, boomerang throwing, the navigation of different types of water

"In closing let me say that I dislike the Columbian Exposition and the Olympian games are in nowise comparable, except that in every future effort which centers in this city the traditions and the standards of the past must be maintained. In 1893 we exhibited the best industrial products of mankind. In 1904 we shall exhibit man himself in his highest physical development, and the change in subject matter from creature to creator can in no sense betoken a decline Architect William Holabird, chairman of the committee on construction, who fol-

lowed President Furber, said the structure on the lake front would cover a ground area of 600 by 1,000 feet, with an area 800 feet long and 200 feet wide, and stated that Madison-square Garden in New York has an arena 120 by 268 feet, seating when the arena is clear 5,000 people. The stadium at the Pan-American Exposition at Buffalo. he added, seated 13,000 people, and the great Flavian amphitheater of Rome, with an arena of 180 feet by 287 feet, with the building covering 513 by 620 feet, was supposed to seat 40,000 people comfortably, but could be crowded up to 50,000. The speaker explained that the lake front building would be connected with stands and terraces so arranged that the aquatic events, which are to be a prominent feature, can be as readily viewed and accessible as the excit-
